

SIX ARE DEAD; MANY INJURED

Oil City Express Crashes Into A Freight At Ford City This Noon.

ENGINE AND 3 CARS DERAILED

Eighteen Reported Injured Are Removed From The
Wreckage--Express Sideswiped The Freight
On A Side Track.

[BY ASSOCIATED PRESS.]
Pittsburg, Pa., Aug. 6.—Six men were killed and eighteen injured in a wreck of the Oil City express on the Pennsylvania road at Ford City at noon today. The express sideswiped a freight standing on the side-track and the engine, smoking-car, baggage-car and one passenger car were derailed.

Six Dead
Up to three o'clock six dead had been taken from the ruins of the train and eighteen wounded who were brought to the hospital in this city. It is thought that this is all the dead, although there may be more bodies in the ruins of the smoking-car, which was filled.

Sideswiped
The passenger which was coming at a fast rate of speed sideswiped a heavy freight which was standing on a side-track. The engine toppled over, as did the following three cars.

ARCHBISHOP AT NEW ORLEANS ONLY FIFTY

Next to Youngest Member of Roman Catholic Hierarchy in America Is Archbishop Blenk.

[SPECIAL TO THE GAZETTE.]
New Orleans, La., Aug. 6.—The Most Rev. J. H. Blenk, Roman Catholic archbishop of New Orleans, was fifty years old today, having been born in this city on Aug. 6, 1857. A little over a year ago he was appointed archbishop of New Orleans, to fill the vacancy caused by the death of Archbishop Chapelle. For some time prior to his elevation to the head of the New Orleans archdiocese he had served as bishop of Porto Rico. With the single exception of Archbishop Gennoun of St. Louis, Archbishop Blenk is the youngest member of the Roman Catholic hierarchy in America.

The province of New Orleans, over which Archbishop Blenk presides, is one of the largest in the United States. It includes the states of Louisiana, Alabama, Mississippi, Arkansas, Oklahoma and Indian Territory, and reaches to the western part of Florida. When Archbishop Blenk was appointed a year ago the province included Texas, but a new archdiocese was made and the diocese of Galveston was set aside as the province seat.

WOULD TRADE WORMS FOR A HAY-LATER

John Spies of Waterloo Is Tired of Climbing Trees for the Mulberry Leaves to Feed His "Drove."

Waterloo, Wis., Aug. 6.—"Wanted—To trade a drove of silk worms for a horse, or something that will out hay." John Spies of this city may soon publish this "want-ad" unless his anger dies down. Spies weighs 170 pounds, which weight, in this weather is not conducive to tree-climbing in search of mulberry leaves for his "dove" of silk-worms. Mr. Spies now has 200 of the worms, which are three inches long and devour all the leaves he can pick.

COMPANIES TO PRESS INQUEST OF DEATH

Body to be Exhumed at Lawrence, Kan., to Ascertain Cause of Death. —Deceased Carried Dig Insurance.

[SPECIAL TO THE GAZETTE.]
Kansas City, Mo., Aug. 6.—In the United States district court today the hearing was resumed upon the application of attorneys for the insurance companies to have the body of L. H. Perkins of Lawrence exhumed and examined to discover whether he died from poison. Perkins was killed some time ago by jumping or falling from the roof of his home in Lawrence, since which time there has been a dispute in regard to the payment of the insurance on his life. His policies called for \$250,000, distributed among a number of the leading companies. The application of the companies was refused. It is said, by the fact that the bulk of the insurance had but recently been taken out and that the total was more than the condition of Mr. Perkins' finances warranted him in carrying.

TEXAS VOTING ON SIX AMENDMENTS

Progressive Agriculturalists Gathering at Ft. Worth—Warehouse System May be Devised and Perfected.

[SPECIAL TO THE GAZETTE.]
Fort Worth, Texas, Aug. 6.—Hundreds of progressive agriculturalists have rounded up in Fort Worth to take part in the annual meeting and endorsement of the Texas branch of the Farmers' Educational and Co-operative Union, which began its sessions today. The organization has a membership in Texas exceeding 200,000, and Fort Worth is looking forward to entertaining one of the largest crowds in her history.

President E. A. Calvin presided over the opening today and the program included addresses of welcome by Mayor Harris and others, with a response by C. S. Barrett, of Georgia, president of the Farmers' National Union.

Many prominent speakers are to be heard during the week, including leaders from Georgia, Louisiana, Mississippi, Oklahoma and other states. The discussions also will be of great interest and importance to the farmers. Perhaps the matter of first interest will be the devising and perfecting of a warehouse system. Already the union has 200 warehouses in Texas, with Houston as the radiating point. Other warehouses will be planned, and a closer relationship established among those now in existence.

NEW GERMAN STEAM SHIP STARTS OUT

Coming, Holder of Atlantic Record Sails For New York Today.

[SPECIAL TO THE GAZETTE.]
Bremer, August 6.—A midst loud cheers from a large assemblage, that resounding down the harbor must have been an enthusiastic "bon voyage," the magnificent new floating palace of the North German Lloyd line, the Kronprinzessin Cecilie, sailed from this port today on her maiden voyage to New York. The big ship, which is a triumph of marine architecture, carries a full complement of passengers, besides a large cargo of general merchandise. It is expected that under ordinary circumstances New York will be reached next Tuesday morning.

The Kronprinzessin Cecilie was built at the Stettin works of the Vulkan shipbuilding company, who also turned out the first three of the North German Lloyd line of remarkable vessels, the Kaiser Wilhelm der Grosse, the Kronprinz Wilhelm, and the Kaiser Wilhelm II.

The Kronprinzessin Cecilie is half a foot longer than the Kaiser Wilhelm II, which is 706 feet long, 72 feet beam and 51 feet deep. Her gross tonnage is 20,000, the same as that of the Kaiser Wilhelm II, and her engines, of the quadruple expansion, reciprocating, balanced type, are of 45,000 horsepower. She is expected to make 24 knots, or more than 27.5 statute miles an hour. The ship cost \$5,500,000, and is generally looked to by marine experts as the coming holder of the blue ribbon of the Atlantic. She is commanded by Capt. D. Hagemann, late of the Kaiser Wilhelm II.

TWO IMPORTANT CATHOLIC SOCIETIES IN CONVENTION

Knights Of Columbus Hold National Session At Jamestown Exposition Auditorium.

[SPECIAL TO THE GAZETTE.]
Norfolk, Va., Aug. 6.—One of the largest conventions that has assembled here during the exposition period is the national gathering of the Knights of Columbus, which met today with delegates present from every section of the country. Preceding the formal opening of the convention this morning the delegates marched to St. Mary's church, where they attended the celebration of pontifical high mass by Bishop Kelley of Georgia.

After mass the delegates were conducted to the Grand theatre where an address of welcome was delivered by Governor Swanson, and responded by Supreme Knight Edward L. Houran, of New Haven, Conn. When these formalities had been disposed of an adjournment was taken to the Pine Beach hotel, where the business sessions of the order were begun this afternoon. Thursday will be observed at the Jamestown exposition as Knights of Columbus Day, with Cardinal Gibbons and other noted Catholic prelates as the honored guests of the occasion.

Catholic Order of Foresters.
St. Paul, Minn., Aug. 6.—Delegates from ocean to ocean and from the great lakes to the gulf filled the old state capitol building this morning when the convention of the supreme lodge of the Catholic Order of Foresters was called to order by High Chief Ranger Thomas H. Cannon. After the call to order the delegates formed in procession and marched to the cathedral to attend special services conducted by Archbishop Ireland. On the conclusion of the services at the church the delegates returned to the convention hall to proceed to business behind closed doors. The business sessions will continue over tomorrow.

This evening there is to be a big parade of the delegates and the local members of the order. The parade will disband at the auditorium where the formal welcome exercises will be held. Governor Johnson, Mayor Smith and others will extend greetings to the delegates and there will be responses by prominent visiting members of the order. Many of the delegates are accompanied by their wives and an elaborate program of entertainment has been arranged for them.

THE FRAGRANT ONION CART

Problem Again Wheeled Into the Ar-

 Once More Turned Down—
 Street Improvements.

Final plans for paving East Milwau-
 kee street from Division to East street
 with brick and for improving Madison
 street from W. Bluff to Ravine and
 East street from E. Milwaukee to
 Prospect avenue with macadam and
 gutters, were reported by Chairman
 Sheridan of the committee on high-
 ways at the meeting of the city council
 last evening. Interested property
 owners were given an opportunity to
 offer objections and suggestions, and
 Mr. James Mills addressed the City
 Fathers, protesting against the pro-
 posed paving of E. Milwaukee street
 with brick on the grounds that such
 footing would be dangerous for heavy
 teams and that the expense to owners
 of residence property would be out of
 all proportion to the benefits derived.
 He said that the property owners
 were willing to have the street im-
 proved with macadam and new gut-
 ters and could probably afford to pay
 for this; that he, for one, would rather
 pay for macadamizing every ten years
 than for putting in brick pavement
 once.

With regard to the other streets no
 remarks were offered. The plans for
 all three were adopted, together with
 resolution assessing the benefits and
 damages. The East Milwaukee street
 improvement will cost the city of
 Janesville \$1,700.55. Of this amount
 \$818.06 will come from the second
 ward fund and \$881.79 from the third
 ward fund. The remaining expense
 will be divided among the property
 owners as follows:

James Monahan	\$22.25
Ellen Plummer	125.15
Joseph Klein	125.15
Margie J. Hunsinger	25.20
Angeline Morse estate	25.21
Wm. H. and Eliza Parker	25.25
Thomas Bowler	25.25
M. Louise Peterson	25.25
Edwin O. and Richard D. Meek	275.28
Robert M. Hestwick	1000.00
Lafayette Foster	265.88
Hannah A. Brown	251.79
Dr. James Mills	590.20
Total	\$1,143.73

A resolution calling for the im-
 provement of Wheeler street from
 Main to Garfield avenue; Carleton
 street from Main to Garfield avenue;
 and Garfield avenue from Racine to
 Clark street, by the laying of gutters
 and curbing and directing the street
 assessment committee to view the
 premises and assess the benefits and
 damages, was also passed.

Reports of Departments.
 The finance committee's report on
 bills and the city treasurer's report
 for the month of July were favorably
 passed upon. Likewise the report of
 Assistant Street Commissioner Daniel
 Sheridan on new walks needed; the
 report of the municipal court showing
 that \$30.72 court fees, \$15 marshal's
 fees, \$114 in fines, and \$25 in pen-
 alties, totaling \$175.72, had been col-
 lected in July; the report of Supt. Geo.
 Croft of the stone crusher plant show-
 ing that during the period from July
 22 to Aug. 5 there had been delivered
 to G. D. Cannon for cement work 3
 yards, to the Fourth ward 2 1/2 yards,
 and to the Fifth ward 9 1/2 yards; and
 the report and affidavit of Health Com-
 missioner W. D. Merritt with regard to
 charges for work done in his depart-
 ment.

Onion Wagon Question Again.
 Chairman Dulha of the Judiciary
 committee asked for and was granted
 further time for the consideration of
 Mrs. Kate Richter's latest claims for
 damages. He moved that Charles C.
 Gray's claim for damages as the result
 of an accident on N. Academy street
 be disallowed, inasmuch as the work
 of laying the cement curbing was
 not by contract and the city was there-
 fore not liable. The motion was
 carried. The city clerk was instructed
 to draw an order on the treasurer for
 the sum of \$25 payable from the gen-
 eral fund to Julius Rogers, the said
 Rogers having paid the city this sum
 for a junk dealer's license which could
 not be granted to him inasmuch as
 he is not of age and could not
 furnish the necessary bond. The
 chairman further granted time for
 the consideration of a petition from
 William H. Monroe, Jr., for permission
 to operate a lunch wagon on the Corn
 Exchange square. Later on he called
 the matter up again by introducing an
 order granting the said Monroe per-
 mission to operate the wagon on Thurs-
 day, August 8, only. Ald. Shelton
 did not see why Monroe should be
 given a monopoly and offered an
 amendment granting the same privi-
 lege to everybody. Mayor Heddles
 thought that a measure extending a
 special privilege to the whole wide
 world was too broad and declared the
 amendment out of order. Fol-
 lowed a debate as to whether or not
 onion wagons were to be classed as
 nuisances and if so, as to whether it
 was advisable to license such nu-
 isances in the future. "The way we're
 running up the city, we won't have
 much left soon—the lunch wagon is
 not a nuisance," he declared. Alderman
 Dulha: "We say we can't stand the
 smell and order them off the street
 one meeting only to let them on again
 the next," was Ald. Shelton's im-
 pression.

dent rejoinder. "I think we all had a
 visit from the young man's mother—
 her husband has gone to the Soldiers'
 Home and it is the only way in sight
 for her son to support her and himself."
 If he could be located, the in-
 stitution would be a nuisance. I do
 not think the perfume will be any
 more objectionable than that accom-
 panying the circus animals," said Ald.
 Merritt. The question was called for
 and the council granted Monroe the
 right to run his wagon on Aug. 8 only.
 Ald. Shelton alone voting "No."

New Lights Ordered.
 An order introduced by Chairman
 O'Hara of the lighting committee and
 passed directs the city clerk to notify
 the Janesville Electric Co. to place
 an arc light at the intersection of
 Highland avenue and Palm street in
 the first ward; a 50 candle power incan-
 descent at the corner of Cornhill
 and Walker, and another at the inter-
 section of St. Mary's avenue and
 Caroline street in the second ward;
 an arc light at the intersection of
 Jefferson and Oakdale avenues in the
 third ward; and an arc light at the in-
 tersection of School street and Center
 avenue in the fifth ward.

Problem of Garbage Removal.
 An order authorizing the health
 commissioner to place garbage cans in
 the alleys and such places as he should
 deem necessary in the business dis-
 trict defined in the said measure,
 aroused some discussion. Ald. O'Hara
 did not think the city should pay for
 emptying these cans, though it might
 be advisable to provide them. City
 Attorney Maxfield when called upon
 for an opinion, said that it was simply
 a question of public policy; that the
 city could compel the property
 owners to do the work if it saw fit.
 Health Commissioner Merritt said
 that it was the purpose of the meas-
 ure to give the department the au-
 thority to go ahead; that it could at-
 tend to nuisances but that the loaded
 garbage cans might not become nu-
 isances, even though unpleasant to the
 eye, until they had been standing a
 month. If the city chose to pass a
 supplementary measure directing the
 department to collect from the private
 property owners, it would be enforced
 through this law. It was then ordered
 during the next four or five years
 Ald. Shelton was inclined to think that
 the city could attend to the matter
 and bear the burden at much less ex-
 pense than would be incurred if it
 tried to hunt up the private individuals
 and fight them on the issue. The
 order was passed.

South Pearl Street Walks.
 On motion of Ald. Sheridan the por-
 tion of the order passed at a previous
 meeting directing the assistant street
 commissioner to build standard walks
 in front of lots 8, 9, 10 and 11, Smith's
 addition, on Pearl street, was repeated.
 Fifteen owners of property on Oak-
 land avenue in a communication called
 attention to the fact that they had
 planted trees and made other perma-
 nent improvements on the supposition
 that the distance between the walks
 on that thoroughfare was two rods;
 that any change in the width at this
 time would do irreparable damage.
 The matter was referred to the alder-
 men of the ward.

By virtue of an order introduced by
 Ald. Brown and passed, owners of
 property on the north side of Carleton
 street, west of the angle in the said
 street, west of Wheeler street to La-
 gan street, were given permission to
 place sidewalks 10 1/2 feet from the prop-
 erty line and leave the intervening
 space between the walk and the prop-
 erty line without grading.

More Curb Line Vagaries.
 A sidewalk grade and curb line for
 South Second street from Jackson
 street to Shelton was reported by the
 aldermen of the third ward and the
 city engineer, and adopted. The walks
 are again brought out to the curb
 line for this block, whereas property
 owners along another section of the
 street were compelled to keep their
 walks in several feet when the mat-
 ter was up about a year ago.

The street assessment committee,
 to whom was referred the petition of
 the Janesville Machine Co. asking that
 the old sidewalk and curb line be re-
 established, presented diagrams show-
 ing where the lines on the south side
 of Pleasant street from River street
 to the Court street bridge should be
 located and recommended the adoption
 of the same. The recommendations
 were carried out by the council.

A deal of the western side of lots
 7 and 12 located at block 7 of the First
 Park addition to the city for the
 purpose of opening a public alley, was
 accepted by the city.

On motion of Ald. Buchholz, the city
 clerk was directed to notify the own-
 ers of property at the intersection of
 N. First and Bluff streets to erect
 within ten days a sufficient barrier to
 properly safeguard pedestrians, with
 the provision that the street commis-
 sioner should do the work at the said
 property owners' expense if the no-
 tice should not be heeded.

Salary Matter Up Again.
 An amendment to the amended
 ordinance fixing the salaries of the of-
 ficers of the police and fire depart-
 ment was introduced by Alderman
 Dulha. The schedule heretofore prop-
 osed was as follows: City Marshal \$115
 per month plus mileage; other patrol-
 men \$65 per month; Chief of the
 fire department, \$100 per month; as-
 sistant chief, \$150 per year; first fire-
 men \$55, second year \$60, and third
 year \$65; callmen \$40 per year. Ald.
 Sherman Sherman objected to the meas-
 ure because it raised the compensa-
 tion of police officers without any cor-
 responding increase in that of the fire-
 men; because he was of the opinion
 that these officers were all getting all
 they ought to get at this time; and be-
 cause the city was under too great
 an expense in building bridges, etc.,
 to raise anybody's salary. Ald. Mer-
 ritt wanted to know if the police com-
 missioner recommended these changes.
 He thought that inasmuch as the leg-
 islature had taken all power out of
 the hands of the council, the latter
 would be very conservative about in-
 terfering in the slightest degree. He
 seconded Ald. Sherman's motion that
 the matter be laid on the table and
 the motion was carried 8 to 2. Alder-
 men Dulha and Jones alone voting in
 the negative.

Sewers, Crosswalks, and Repairs.
 The street commissioner was di-
 rected by orders to construct a storm
 sewer across Jackson street on the
 north side of Ravine street, and across
 Highland street on the north side of Ra-
 vine street; to lay a gutter 15 inches
 wide across S. Jackson street on the
 south side of Dodge street; to lay a
 cement gutter across H. H. street on
 the north side of Pleasant street on the
 brick upon at Holmes street on the

east side of Center Ave.; to gravel
 Riverside street; to repave East street
 south between S. Third and Oakdale
 avenues; and to repave the alley be-
 tween S. Third and Oakdale avenues from
 S. Third street to the alley; to clean
 the gutters on Elizabeth street; to
 build brick crosswalks and gutters
 across Milwaukee avenue on the west
 side of Garfield avenue; and across in-
 tersections as follows: Clarence street
 on the south side of Milwaukee avenue
 Jefferson avenue and S. Third street;
 two at Jefferson avenue and Valentine
 street, two at Jefferson avenue and Oak-
 land, two at Jackson and Oak-
 land, one at north side of Rugey at the
 intersection with Elm to build brick
 crosswalks across Washington street
 between Ravine street and Mineral
 Point avenue on South River street
 on the south side of Pleasant with
 four gutter curbs adjoining on Rock
 street; and on Galea street on the
 north side of Center avenue. The
 engineer was directed to file a side-
 walk grade for the west side of S.
 Academy street from W. Bluff to Ra-
 vine.

A Preliminary "Star Chamber."
 It is understood that certain of the
 aldermen met in a local law office
 prior to last night's session to devise
 ways and means of dispensing with
 the "closed Sunday" regime and re-
 turning to "the good old Sunday of
 our fathers," or something to that ef-
 fect. Reports indicated that five of
 the City Fathers could be lined up
 for a more "open" Sabbath but none
 of those listed as "doubtful." It was
 afterwards ascertained, could be
 brought into camp, inasmuch as it
 existing ordinances the plan is tem-
 porarily in abeyance.

TOMAS CHRISTINUS
LOCKED UP IN JAIL

Captured Near Brooklyn Yesterday
 Afternoon by Cal Droughton and
 Deputy Sheriff Gilman.

Locked up in the county jail is a
 Spaniard who can not speak a word
 of English, who was captured late yes-
 terday afternoon by City Marshal Cal
 Droughton and Deputy Sheriff Gilman
 in a cornfield north of Brooklyn in
 Dane County. Tomas Christinus is
 the nearest Sheriff Fisher can guess
 at his name and thus far they have
 been unable to find anyone who can
 talk to him. The man was captured
 after a chase which lasted all day Mon-
 day by Droughton and Gilman as he
 was counting the results of recent
 robberies and resting in a cornfield.
 The man was completely surprised and
 made no resistance when a revolver was
 shoved under his nose and he was told
 to march ahead. On Saturday night last
 12, Farmer's home at Footville was en-
 tered and robbed, \$12 and two valua-
 ble things being taken. Sunday night
 the homes of W. J. Jurevich and H. Aus-
 tin in Evansville were entered and
 jewelry, \$25 in money and a certifi-
 cate of deposit for \$625 taken. City
 Marshal Droughton and Deputy Sher-
 iff Gilman started in pursuit of a sus-
 pect who afterwards proved to be
 the criminal and by clever work cap-
 tured him. All of the stolen property
 from the three places known to have
 been robbed except a few stick-pins
 was recovered and two extra rings
 and a pawn ticket for a gold watch
 at a Chicago pawnbroker's shop. In
 addition, Sheriff Fisher is of the opin-
 ion that a second robbery was hudi-
 cated in the Footville robbery, but
 that Christinus was alone in Evans-
 ville. Trouble will be experienced
 when the man is brought to trial
 owing to the lack of an interpreter and
 Sheriff Fisher would be glad if any
 Spanish student in the city would find
 time to ask the prisoner a few ques-
 tions on matters he would like to
 have cleared up. The man is between
 twenty-five and thirty and looks very
 intelligent.

COLORED BOY FELL
UNDER CAR WHEELS

Ed Hickman of Madison loses foot
 and hand at Afton Late
 Last Evening.
 Ed. Hickman, a colored boy, slipped
 and rolled under the platform and
 No. 312 at Afton last night at nine
 thirty in trying to climb from the
 trucks of a car to the platform, and
 as a result will travel through life
 minus his left hand and foot. Hick-
 man and a white companion had
 boarded the train with a truck pump,
 at Afton and the accident occurred at
 Afton as they were trying to leave
 their seats on the trucks under the
 cars. Just as Hickman reached for
 the platform he slipped and the
 wheels passed over his left hand and
 foot. He was picked up and brought
 to Janesville and hurried to the Ster-
 ey hospital, where Drs. Wood and
 Palmer operated on him, amputating
 the mangled foot and hand. Hickman
 claims Madison as his home and says
 he is a horse jockey. Word from the
 hospital today says he is resting easier.

Packers' Employees to Ride Free No
 Longer—Railroad Men Must Not
 Recognize Brotherhood Cards.

According to a recent decision of
 the legal department of the North-
 Western company men accompanying
 meat shipments to see that the same
 are properly unloaded and distributed
 can no longer ride on free transportation.
 These men employed by the
 large packers have in the past ac-
 companied meat shipments to their
 destination and have supervised the
 unloading and distribution of the pro-
 duct. Railroad employees are also
 warned in the recent instructions
 sent out that brotherhood cards must
 no longer be recognized as sufficient
 credentials for free transportation,
 but every one riding on a train must
 be provided with a pass properly is-
 sued or a ticket.

LINK AND PIN
TIRE COMES LOOSE
ON ENGINE DRIVER

Rim of Engine Wheel Comes Off and
 Goes Back on Wheel of Its Own
 Accord—Accident Prevented by
 Luck.

By sheer luck the afternoon pas-
 senger train on the St. Paul road was
 spared an accident which would prob-
 ably have been more or less serious
 yesterday afternoon when the train
 was a little west of Juba on the Mil-
 waukee point division. The tire on one
 of the engine-wheels came loose and
 rolling over against the guard it
 fell back on the driver again of its
 own accord. The train was brought
 to a stop and the engine on the freight
 train was brought from Monroe to
 bring the passenger to this city. The
 train, due here at 4:55, arrived at
 6:25, and was held here until the
 evening passenger came in from Mil-
 waukee. The freight engine then
 went back after the passenger engine
 which was left at Juba.

SIXTEEN HOURS THE
LIMIT ON DUTY NOW

Trainmen and Enginemen Must Lay
 Off After Sixteen Hours of
 Service.

Sixteen hours of continuous service
 is the limit placed on the working
 hours of railroad men commencing
 the first of this month. Trainmen and
 enginemen are compelled now to take
 time off after 16 hours of work in a
 24-hour period whether it be contin-
 uous or in the aggregate. Upon arriv-
 ing at the terminal every engineer,
 fireman, conductor and brakeman
 must register on what is called the
 rest sheet and also when they go out
 on a run. If the work has been con-
 tinuous for 16 hours the employees
 must lay off for 10 hours, and if in
 the aggregate 8 hours' lay-off is taken.
 One of the first instances to
 come under the new law here occur-
 ed this morning when the freight
 car arrived on train No. 32 from the
 west end of the St. Paul at 2 o'clock
 and were ordered out again at 8:30
 o'clock. The trainmen offered an ob-
 jection to go at that time for they
 had been working close on to 16 hours
 and declared they were entitled to a
 longer rest. The time of going out
 was postponed until 11 o'clock, giving
 the men a nine-hour rest here. The
 law is made in the law for excep-
 tions in case of unavoidable accident
 or by Providence in the way of
 floods or snow blockade or relief
 of wrecking trains.

NORTHWESTERN RUNS
BIG PICNIC TRAIN

Four Hundred Go from Here to North
 Fond du Lac for Annual Em-
 ployees' Picnic.

Over 400 railroad men and mem-
 bers of their families left here this
 morning on the North-Western ex-
 press for North Fond du Lac, where
 the annual picnic of the employees of
 the road was held today. The train
 consisted of seven coaches and a
 baggage car left here at 6:20 this
 morning, but despite the earliness of
 the hour of departure a large dele-
 gation from this city went to en-
 joy the day. A telegram received
 here at 10 o'clock stated that the ap-
 point was made up here brought
 300 people into Fond du Lac, where
 the weather was said to be fine. En-
 gineer Chas. H. Garbutt pulled the
 train which was in charge of Con-
 ductor Lowry and Quinn. Trainman
 Pendall of Fond du Lac was also
 on the train which left here.

ENGLAND'S IDEAS

Unrest throughout India does not apparently bother the English people to any great extent. The cry which went up just after the Russian-Japanese war of "Asia for the Asiatics" is not dreaded by England. In speaking of the matter the Referee of London says:

"One reason for unrest in India is the conduct of our ally, Japan. Since the conversion of Japan to western methods, the Liberal Party has been in office and has enjoyed the sweets of power. Conservatives, being out in the cold, are more passionately patriotic than the Liberals, and sought eagerly for employment in their country's service. Our Japanese allies are not only loyal, but the 'point of honor' with them, as with Castilians, or even the Knights of the Round Table, is more than life itself. Upon the Japanese government we may implicitly rely; and the Japanese government controls the nation. Still, the Tokyo government, like our own, has to deal with patriotic firebrands among the opposition. Some of them sought a cry. They found it in the cry 'Asia for the Asiatics' which they translated into action by the appointment and dispatch of unofficial missions to India, Siam, Burma, Persia, Indo-China, and even Tibet. The abolition of English prestige in the east and the restoration of India to the natives are parts of their unofficial program. They can not be wholly suppressed or discouraged by the Japanese government. The Indian cotton market is attacked. Subsidized steamers to India are established. This was legitimate, but other things were done which raise a doubt as to the wisdom of the Japanese alliance."

GOOD CROPS

Early in the spring the cry went forth that the crops of the country were ruined. The late spring and adverse weather conditions had caused untold loss to growing crops, was the cry and now it is different. The complaint comes from the west that not enough men can be secured to harvest the crops, that the barns are full to overflowing and more cars will be needed to move the crop. On all sides is this true and an era of prosperity has apparently settled down again upon the nation which has enjoyed many years of plenty. In Rock county reports are that everything is doing nicely except oats. It is feared this crop will be small as compared with other years. Sugar beets and tobacco are showing good progress and even corn has picked up wonderfully during the hot July days and nights.

SUNDAY CLOSING

It is said that an attempt to make Janesville a more open town, especially on Sundays, was contemplated by several of the saloon men, and an endeavor to bring it about by an action of the council overruling the authority of the city marshal and Mayor, failed at last night's session of the council. The weeks the saloons have been closed on Sunday has demonstrated that this condition of affairs can exist for the general betterment of the city at large. Mayor Heddlie in closing the saloons and City Marshal Appleby deserve much credit for the enforcement of the ordinance. The saloon men knew of these ordinances before they took out their

license and should not seek to violate the law under the cover of action by the council.

That onion cart again appeared in the council chamber and some of the aldermen were horrified to know that it had not been settled once and for all. If the smell of onions is obnoxious to the astute aldermen let them see to it that the far more unhealthy smells that are to be found in many places in the city are tabooed.

The action of the state factory inspector refusing to permit local tobacco warehouse men employing young boys for light work during the summer months, even though they were under sixteen, is one of the enforcement of the state factory law that appears to need decided remedy.

Now Chicago appears with a wave of crime. Scientists say that the hot weather is to blame for all this trouble in New York and Chicago and a New York judge even goes farther and says the newspapers are because they lack news.

Mrs. Frances Brooks and daughter Emma of 120 Madison street leave this evening for a trip in the west. They will visit relatives in Linton, Dakota, and Alexandria and Minneapolis, Minn. Mrs. Brooks will remain about three weeks, but her daughter will make an extended visit.

England had a problem in the Nile river valley that took it years to solve, but it finally came out victorious and today the entire fertile valley of this ancient stream teems with activity brought about by English capital and English government.

Mysterious fires which sweep through the country districts from time to time are far worse than a fire in the city, where fire-fighting apparatus is at the call of the property-owner.

The Jingo as to the possibility of the Japanese invading the United States has been lost sight of those past few weeks and it is hoped will not be brought to life again.

France and Spain have taken upon themselves the right to bombard the city of Casablanca to teach the Moors their place and respect for the flag of France and Spain.

The capture of the Spanish desperado loaded down with his plunder in a cornfield Monday deserves special recognition of the two officers who made the arrest.

One by one the Russian tyrants are picked off from ambush by the people who think their mission in life is to murder and slay in the name of freedom.

Those showers are just what the farmers wanted. It gives new life to the growing plants.

The Atlantic fleet will soon be on its way to be transformed into the Pacific squadron.

EDGERTON

Edgerton, Aug. 6.—The T. A. & B. picnic will be held in the driving park on Wednesday, Aug. 7th. A dance will be given in Schmolting block in the evening and a show at Royal hall entitled "Kauto Kaution." As Rev. Parr is enjoying a vacation there were no services on Sunday at the Congregational church. The usual services were held on Sunday morning at the M. E. church. The Ladies' society of the Congregational church will meet on Thursday this week instead of on Wednesday as is their usual custom. Mr. and Mrs. W. T. Pomroy has issued invitations for the wedding of their daughter, Edna Eugenia, to Mr. James Scott Miller to occur on Wednesday, the 14th of August, at high noon. Word has been received by local friends and relatives of the death of Mrs. Anna Menden in Dakota, who formerly resided on Allison Prairie. Miss Jessie Mudgett left on Monday for a month's outing at Solon Springs, Wis. Miss Mae Spencer left Tuesday morning for a couple weeks with her sister, Mrs. Richardson, at Fargo, N. D. James Miller of Delavan was the guest of local friends during the week. Miss Anna Hanson spent Friday in Madison. Henry Arthur and mother, Mrs. John Arthur, former residents here, are guests of local relatives. Messrs. Hoskins and Jenks of Dodgeville called on local friends on Monday. Miss Carrie Hunt returned Monday from a month's visit at Hilby, Wis. Miss Myrtle Maltress was a Sunday visitor of Mrs. Wm. Tallman of Janesville. Miss Shearer of Fond du Lac is a guest of Mrs. Gustav Baumgartner. B. C. Wilson was a business visitor in Chicago on Saturday. R. Hoskins of Dodgeville resigned his position as assistant in the local high school. Miss Morgan of Fond du Lac has accepted a position as stenographer in the office of Wilson Bros. Wm. Parr of Oregon was a guest of local relatives over Sunday. Mr. and Mrs. D. I. Wilson and Mr. and Mrs. R. Atteley were among the Janesville Sunday Chautauqua visitors.

Secretary Wilson is ill. Portland, Ore., Aug. 6.—Secretary of Agriculture Wilson, who arrived here Sunday, is ill at his hotel and declines to see anyone. Jasper Wilson, the secretary's son, said that his father contracted a severe cold on his trip from Puget Sound to Portland.

SWANS GUARDED THE BODY.

Birds Seemed to Be Guided by Some Strange Instinct.

Two stately swans and half a dozen brilliant-plumaged ducks circled and circled about a wooden box that floated on the lake in Central park the other afternoon, says the New York World. Believing some kindly person had put food in the box for the birds, the crowds that were out in rowboats did not disturb the graceful water fowl. For hours the box drifted about with the currents of the lake, always accompanied by its escort of birds. Then Thomas Donahue, who has charge of the park water fowl, observed the strange actions of his pets, and got a rowboat. Donahue overtook the box 20 feet from shore on that part of the lake opposite West Seventy-seventh street. He was horrified to find in the body of a baby about one week old. The body was taken to the Arsenal Police station in the park, where Lieut. McGill said he believed the child had been dead two days. It is a mystery to the police how the box floated on the lake two days without any one discovering its contents. Donahue says he had infused several of his swans and ducks during that period, and he believes the birds remained with the box.

BUILD NESTS OF CEMENT.

Many Birds Use This or Somewhat Similar Substance.

It is only within recent years that men have learned how to make houses and other structures of cement. This art is probably yet in a crude stage, and by and by mankind may learn to use the material in vastly more skillful and efficient ways. But many of the lower animals have for ages been making their houses of mud or similar plastic and hardening substances. The cliff swallow's skillfully built house is, indeed, a wonderful structure, especially when we take into consideration the simple way in which the bird does the work. Imagine a boy or a girl trying to make such a structure of mud and handling the material only by the aid of pointed pillars. Yet the bird does it, and does it well with her pointed bill. In some cement structures, especially in railroad embankments, you have probably noticed that the workmen first put in several iron rods to increase the strength of the wall. This is, practically, what the phoebe, the robin and other birds do when they mix a liberal supply of grasses and other plant fibers, and even strings, through their concretions of mud.—St. Nicholas.

NOVEL SOLDIERS' REUNION

FIFTEENTH PENNSYLVANIA CAV. ALRY VETERANS TO MEET.

Will Be Guests of Gen. Palmer at Colorado Springs, He Paying All Expenses.

Colorado Springs, Col., Aug. 6.—From all parts of the United States more than 300 veterans of the Fifteenth Pennsylvania Cavalry, Gen. W. M. J. Palmer's regiment in the civil war, will arrive in Colorado Springs on the evening of August 20 for the most novel reunion ever held in the United States, as the guests of Gen. Palmer.

A magnificent special train of Pullman sleepers and diners will bear the veterans to Colorado Springs, and from the time each man leaves his own door until he returns to it, his expenses will be borne by Gen. Palmer.

Every station agent on the Pennsylvania railway system has received orders to issue tickets to Gen. Palmer's comrades on the presentation of a card supplied by the general, and the train will make its circuit from point to point in such a way as to pick up each traveler at the nearest station to his home. Those living too far away from the route of the special train to be picked up will be furnished transportation to come by whatever train best suits them. The reunion will last six days.

Haratona, N. Y., Aug. 6.—It was announced at Grand Army headquarters Monday night that President Roosevelt would not attend the national encampment here. An invitation was sent to the president, who replied that he would be unable to accept it.

MOTOR CAR IS A SUCCESS.

Makes Good Record Between Omaha and North Platte.

Omaha, Neb., Aug. 6.—Motor car No. 10 left Omaha at 9:05 a. m. August 3 as second section of Overland Limited train No. 1, making the run of 290 miles from Omaha to North Platte in eight hours, 22 minutes. The time of the Overland Limited as scheduled is eight hours, 30 minutes. The run from Omaha to Denver, 568 miles, was made in 21 hours, 22 minutes, the car being delayed west of North Platte six hours and 34 minutes by washouts.

This car will go into regular service between Carr and Denver on August 8, and is expected to perform a daily service of 172 miles. There is no longer any question as to the ability of these cars to perform the service required. The car at one time attained a speed of 65 miles per hour.

Fined for Land Frauds.

Choyeno, Wyo., Aug. 6.—In the federal court Monday Judge Ryner overruled the motion for a new trial in the cases of E. M. Holbrook, E. E. Lonsbaugh and Robert McPhillamy, recently convicted here of conspiracy to defraud the government in the acquisition of coal lands at Monarch, Wyo. The judge imposed a fine of \$10,000 each on Holbrook and Lonsbaugh and a \$2,000 fine on McPhillamy, whom he described as the tool of the coal miners.

Killed By Busting Fly-Wheel.

Youngstown, O., Aug. 6.—One man was instantly killed and six others seriously injured by the bursting of a 30-ton fly-wheel at the works of the Youngstown Iron & Steel Roofing company Monday. Archibald Rankin, chief engineer, was killed, his body being cut in two by a flying fragment of the wheel.

PRISON FOR FALSE SOLDIER

PRIVATE J. M. PYNE IS SENTENCED FOR THREE YEARS.

Broke Promise of Marriage After Borrowing Money from Fiances with Intent to Defraud.

Leavenworth, Kan., Aug. 6.—Private James M. Pyne, Sixteenth battery siege artillery, is to serve three years in the military prison here for breaking a promise of marriage and borrowing money with intent to defraud. He was tried by court-martial under the charge "conduct to the prejudice of the good order and military discipline."

It was shown in the court-martial trial that Private Pyne became engaged to an army nurse in Cuba; that he was transferred to Fort Leavenworth and wrote to the girl asking a loan of \$300 to fit him out with uniform and other equipment, made necessary, he said, by his having passed an examination for promotion to a lieutenant. The girl advanced the money, and when she came to Kansas City later on she lost him more money.

He told the girl that his father had died leaving him a large estate on condition that he would not marry for five years. The girl then made an investigation and learned that Pyne was deceiving her. The court-martial followed and its finding has been approved by Brig. Gen. Godfrey.

BOUND TO ENFORCE THE LAW.

Alabama Governor May Use Troops Against Railroads.

Birmingham, Aug. 6.—No official statement was issued Monday night of the conclusions reached at the conference between Gov. Comer, Attorney General Gaynor and the associate counsel employed by the state administration to assist in enforcing the laws affecting railroads, as to the next steps in the case against the Southern railway.

While the governor would make no statement, his advisers let it be known that the administration is determined to enforce the state laws at any cost. They said that if necessary an extra session of the legislature would be called or troops would be ordered out to see that the state's commands are obeyed. Their view is that the Southern railway, by defying the state law against the removal of a case from the state to the federal court, and thereby having its charter revoked by the secretary of state, has placed itself in position to be dealt with as an outlaw or mob would be dealt with.

It is considered more than likely that wholesale arrests will follow in the next few days of officials and employees of the Southern who continue to operate the various lines in spite of the fact that they are doing so without a charter from the state.

EMPERORS DISCUSS AFFAIRS OF WORLD

WILLIAM AND NICHOLAS SPEND DAY TOGETHER AT SEA.

THEIR VIEWS IN ACCORD

Agree That No International Trouble Will Result from Occurrences in Morocco—Both Desire Peace.

Swinecunde, Aug. 6.—Emperor William of Germany and Emperor Nicholas of Russia spent the entire day Monday together at sea. A review of the German fleet was witnessed in the morning from the German battleship Deutschland, and in the evening there was a reception on board the Russian imperial yacht Standard.

A semi-official communication regarding the meeting of the two sovereigns declares that their conferences have served further to strengthen the traditional friendly relations between them and that the meeting has given proof of the good understanding existing to-day between the leading statesmen of the two countries. Discussed Many Questions.

Every question of an international character actually pending has been the subject of thorough discussion between the two emperors and their statesmen, with the result that the views held thereon have been found to be in absolute accord. It was agreed that the recent occurrences in Morocco are not likely to create any international misunderstanding because of the clear and friendly explanation of the situation made by M. Pichon, the foreign minister of France, to Prince von Hatzfeldt, the German ambassador to France, and the determination of all the signatories to carry out the terms of the Algeiras convention.

It is declared from the semi-official source that neither the alliances of Russia and Germany, nor the relations of either power with other powers have been affected as a result of the meeting. In the course of which both rulers expressed the most earnest desire that the present period of peace in the world continue, adding the hope that the Swinecunde meeting would assist in the maintenance of universal confidence in peace.

Meeting Was Most Cordial.

St. Petersburg, Aug. 6.—A semi-official statement has been issued here concerning the meeting of Swinecunde of Emperor William and Emperor Nicholas. The meeting is said to be the return by Emperor Nicholas of the visit paid him by Emperor William at Bjorko in July, 1905, and it is described as having been most cordial.
